

INTERCOM SYSTEM

Built for Effortless Communication

Hikvision's Video Intercom line offers a comprehensive range of products to enable more efficient and convenient two-way audio and video verification for entry control.

MODULAR DOOR STATION

Hikvision's modular intercom products excel at convenient installation and flexible expansion capabilities. The complete package features a main module with several extension modules ranging from the traditional nametag and keypad module to card readers and display modules, providing an abundance of functionality to customers.

INDOOR STATION

These indoor stations received great comments for their clean and simple designs and for an excellent interactive experience. The 7-inch Ultra Series Indoor Station won the Reddot Award in 2017. The indoor stations support standard PoE (IP Version), 2-wire technology, and wall-mounted installation. The wireless connectivity makes installation and configuration quick and easy.
